This matter came before the Human Rights Commission for consideration as scheduled on March 15, 1999. Neither of the parties or counsel were present. The Commission, having reviewed the record, and having noted that no objections or exceptions were timely filed by any party, discussed the case. The Commission took note of the fact that record and proposed findings, conclusions and order were very explicit in documenting the various failings of Respondent to comply with the pre-hearing requirements and deadlines.

Following the discussion, the Commission voted 5-0 in favor of adopting the proposed Findings of Fact, Conclusions of Law and Order as written by the Hearings Officer, on the grounds that there was substantial, credible evidence to support the proposed findings of law, that the proposed conclusions of law were correct, and that proposed order provided appropriate relief in light of the findings and conclusions.

SO ORDERED.

Dated this ____ day of March, 1999.

Gloria "Patt" Etchart, Chair, Montana Human Rights Commission
